**The Society for the Protection of Unborn Children** have sent a petition to be sent to the Secretary of State for Health, asking for as many signatures as possible in a request to ensure that doctors do not misinform and mislead women by authorising abortion on invalid health grounds. Under the Abortion Act 1967, nearly 4,000 babies are aborted every week in Britain. Most abortions (97%) are authorised because it's claimed that the pregnancy is a risk to the mother's mental health, but the latest medical evidence confirms that abortion does not lead to better mental health for women. The law is clearly being abused. Now the Department of Health, instead of enforcing the law, is seeking to widen abortion services even further. Please sign the petition form at the back of church, and help the SPUC to fight this proposal; it must not be allowed to happen. Thank you

**Wollaton Care Group Coffee Morning** At St Leonard's Community Centre Saturday 4 October 2014 10.00 am—11.30 am. Tickets on sale after mass

**STM Development** The go ahead for the work on the Presbytery has now been formally commissioned by the Buildings and Sites Committee and so those items as detailed in the bulletin insert of two weeks ago will now proceed and work has in fact already commenced. There is much to do over the next couple of months so there will be plenty of activity going on in and around the presbytery. As regards the sale of the land behind the Church, following its advertisement for sale by Newton Fallowell, no party submitted an offer, which means that Radleigh Developers remain the only one who has submitted an offer. This offer is currently under review and once a decision has been made full details will be made available.
